

ANNOUNCEMENT

THE COUNCIL FOR ELECTRONIC MEDIA reminds, that according to art. 125d of the Law on Radio and Television, in Section Two of the Public Register of CEM, foreign programs must be registered, which can be broadcasted over the territory of the Republic of Bulgaria via cable and satellite, and which are:

- a) created in a Member-State country of the European Union, or in another country – signatory to the Agreement on the European Economic Space;
- b) created by foreign entities, different from those under point “a)”

The individuals/entities, who create and present for broadcasting programs, which fall under the aforementioned criteria, must apply for registration of those programs.

The Application shall be submitted to the Council for Electronic Media, and must contain the data, as listed under art 125b of the Law on Radio and Television, namely:

1. company name and address of incorporation of the radio- or television operator;
2. name of the program and means for its distribution;
3. type – public or commercial;
4. program profile;
5. starting date for the distribution of the program;
6. information on the management bodies, including staff, as well as information for the physical individuals or legal entities, performing control over the management of the operator;
7. conditions of commercial liens, subject to registration
